For 10 Consecutive Years, IMPACT Group Remains the #1 Spouse and Family Transition Firm According to Industry Survey

SAINT LOUIS – September 8, 2005 - IMPACT Group, a WBE-certified, global relocation career management firm, announced today that for 10 consecutive years, the company's spousal and family transition support services have been rated highest among industry competitors.

Of the companies offering Spousal Assistance during relocation, Survey respondents were most satisfied with IMPACT Group due to the high quality of professional consultation. According to Alan Trippel, CRP, Founder of Trippel Survey and Research, "IMPACT Group is the only firm that has tenure of consecutive achievement in the industry."

"Our #1 rating for the past ten years attests to our passion for providing quality and innovate support for relocating employees and their families. I am proud that IMPACT Group continues to be top of the list by transferees and we look forward to continue our relocating support services domestically and worldwide," said Laura Herring, President and CEO of IMPACT Group. "We are always striving to have a positive impact on the lives we touch."

The Nationwide Relocating Employee Survey© developed by Trippel Survey & Research, was conducted throughout 2004 to objectively determine customer satisfaction levels among varied relocation service suppliers. During the survey, employees transferring within the United States were asked to participate.

About The Eleventh Annual Nationwide Relocating Employee Survey©:

The Nationwide Relocating Employee Survey was conducted throughout the latter part of 2004 continuing into the first half of 2005. The goal of the survey is to collect objective, unbiased opinions from transferees regarding their level of satisfaction with external relocation service providers. The Survey collected opinions from 3,772 employees representing 88 organizations. The survey is property of Trippel Survey & Research.
